The WSPLs are the result of a global collaborative effort to create one universal, transparent, and fair ranking system for competitive snowboarding. At any given point in time, the WSPL aims to provide the most accurate and transparent representation of the top riders in the

- 1.3. Provide a comprehensive, step-by-step description of the method that explains how athletes will go through the selection process (include maximum Team size).

The International Olympic Committee (IOC) has determined that a maximum of Twenty-Six (26) athletes representing any one nation may compete in the 2022 Olympic Winter Games across all events in snowboarding. The maximum number of athletes nominated to the U.S. team will be up to the maximum team size of Twenty-Six (26) athletes, not to exceed a maximum of fourteen (14) athletes in either gender. The maximum quota for a nation in any one (1) event per gender will be four (4). Athletes nominated to the team will start in the event for which they qualified and may compete in multiple events, provided they meet qualification criteria as outlined in Section 1.1 above.

The application of the objective criteria for each discipline, noted below, is subject to the U.S. earning at least three Olympic Nations Quota Starts per gender, in the respective discipline, through the [FIS Olympic Nations Quota World Ranking List](#).

After the objective criteria has been applied, unfilled quota slots, if any, may be filled via discretionary selection outlined in Section 2 of these procedures only if the minimum eligibility requirements under Section 1.1 are fulfilled. Should the U.S. have remaining quota slots available after Section 2, up to the maximum team size of Twenty-Six (26) not exceeding a maximum of fourteen (14) athletes in either gender,

the criteria for determining which quotas will be filled is outlined in Section 3 (to be referred hereafter as “Remaining Team Nomination Selection”).

A. Objective Criteria Halfpipe

Up to three (3) athletes, per gender, will be nominated for the event in the following order:

1. Up to the top two (2) highest ranked athletes, per gender, from the Halfpipe WSPL issued on December 22, 2021, will be nominated to the 2022 U.S. Olympic Team. Athlete must be ranked within the Top 6 of the rankings. The specific date of the WSPL is subject to change pending confirmation of the competition calendar for the 2021-22 season, with any adjustment to the date taking place as soon as possible but no later than September 30, 2021.

U.S. Ski & Snowboard will use the following tie-breaking mechanism, if two or more athletes, per gender, are tied within the Top 6 of the WSPL Ranking List, until the quota slots, per gender, in this section are filled:

- a. Highest result, between the tied athletes, from their most recent head-to-head competition at an identified Tryout Event.
2. The third quota slot and any quota slot(s) remaining unfilled by way of criteria Item A1 above, per gender, will be allocated based on an athlete having at least one (1) top three result in the identified Tryout Events to be nominated to the 2022 U.S. Olympic Team.

Any remaining quota slots that are still left unfilled after applying Item A2, will be evaluated under the Discretionary Selection Procedures in Section 2 or the Remaining Team Nomination Criteria in Section 3 as described below.

If there are more athletes than there are remaining quota slots available within this objective criteria section, in either gender (i.e., with one (1) top three result in the Tryout Events), then U.S. Ski & Snowboard will utilize the following procedure to identify the athlete(s) who will be nominated via this objective criteria:

U.S. Ski & Snowboard will use the following tie-breaking mechanisms below one at a time – in preferential order starting with (a) – until any quota slots remaining, per gender, in this section are filled. The points awarded from the Tryout Events toward the World Snowboard Points

List shall be used when referring to point result in the below tie-breaking mechanisms:

- a. Single highest point result from the Halfpipe Tryout Events
- b. Highest point result from the final event listed in the Halfpipe Tryout Events schedule in the 2021-22 season

The specific date of the WSPL is subject to change pending confirmation of the competition calendar for the 2021-22 season, with any adjustment to the date taking place as soon as possible but no later than September 30, 2021.

U.S. Ski & Snowboard will use the following tie-breaking mechanism, if two or more athletes, per gender, are tied within the Top 6 of the WSPL Ranking List, until the quota slots, per gender, in this section are filled:

- a. Highest result, between the tied athletes, from their most recent head-to-head competition at an identified Tryout Event.
2. The third quota slot and any quota slot(s) remaining unfilled by way of criteria Item B1 above, per gender, will be allocated based on an athlete having at least one (1) top three result in the identified Tryout Events will be nominated to the 2022 U.S. Olympic Team.

Any remaining quota slots that are still left unfilled after applying Item B2 will be evaluated under the Discretionary Selection Procedures in Section 2 or the Remaining Team Nomination Criteria in Section 3 as described below.

If there are more athletes than there are remaining quota slots available within this objective criteria section, in either gender (i.e., with one (1) top three result in the Tryout Events), then U.S. Ski &

Snowboard will utilize the following procedure to identify the athlete(s) who will be nominated via this objective criteria:

U.S. Ski & Snowboard will use the following tie-breaking mechanisms below one at a time – in preferential order starting with (a) – until the quota slots remaining per gender in this section are filled. Athlete must be ranked within the Top 6 of the rankings. The specific date of the FIS Snowboardcross Points List is subject to change pending confirmation of the competition calendar for the 2021-22 season, with any adjustment to the date taking place as soon as possible but no later than September 30, 2021.

U.S. Ski & Snowboard will use the following tie-breaking mechanism, if two or more athletes, per gender, are tied within the Top 6 of the FIS Points, until the quota slots, per gender, in this section are filled:

- a. Highest result, between the tied athletes, from their most recent head-to-head competition at an identified Tryout Event.

athlete having at least one (1) top three result in the identified Tryout Events will be nominated to the 2022 U.S. Olympic Team.

If no U.S. athletes have had one (1) top three result in the Tryout Events, then any remaining quota slots will be evaluated under the Discretionary Selection Procedures in Section 2 or the Remaining Team Nomination Criteria in Section 3 as described below. If there are more athletes than the remaining quota slots available within this objective criteria section, in either gender (i.e., with one (1) top three result in the Tryout Events), then U.S. Ski & Snowboard will utilize the following procedure to identify the athletes who will be nominated via this objective criteria:

2. DISCRETIONARY SELECTION (if applicable)

2.1. Provide rationale for utilizing discretionary selection (if any):

If there are unfilled quota spots after applying the objective criteria in Section 1.3 above, then U.S. Ski & Snowboard may utilize the discretionary selection criteria to fill any, but not necessarily all (see Section 3 below), vacant spots in order to select athletes with medal capability, future medal capability, or athletes who can achieve the best results.

There are two scenarios for which U.S. Ski & Snowboard may use discretionary selection criteria:

1. **Athlete Selection:** Selecting athlete(s) to fill available quotas that are not filled through the objective criteria described in Section 1.3.
2. **Team Composition:** Fielding the Mixed Gender Team Snowboardcross event.

2.2. List the discretionary criteria and explain how they will be used (if any):

1. Athlete Selection

Discretionary selection may be utilized should quota slots remain after utilization of the objective criteria detailed in Section 1.3 above. Athletes as well as the Head Coach or World Cup Coaches for each discipline may recommend athlete(s), according to the criteria below, to the Selection Committee. The Selection Committee will review all data when considering the recommendations, subject to the criteria listed below in paragraph (a).

a. Discretion – An athlete (including but not limited to those not nominated objectively due to illness or injury) who has either (i) clearly demonstrated the ability to produce a medal winning result or (ii) has demonstrated future medal potential by achieving one of the following criteria listed (in no specific order of priority):

- One (1) Top 8 result, within the last twenty-four (24) months, at a FIS World Cup, World Championship, X-Games, Dew Tour, or U.S. Open.
- A Top 20 World Ranking within the last twenty-four (24) months on any of the below ranking lists:
 - The FIS Parallel Points List (FIS List)
 - The FIS Snowboardcross Points List (FIS List)
 - The Halfpipe World Snowboard Points List (WSPL)
 - The Slopestyle World Snowboard Points List (WSPL)

2. Team Composition

a. Mixed Gender Team Snowboardcross

Only the athletes who are nominated for the Olympic Snowboardcross event shall be eligible to compete in the Mixed Gender Team Snowboardcross event. The U.S. Ski & Snowboard Snowboardcross Head Coach shall select the athletes (one male and one female) who compete in the Mixed Gender Team Snowboardcross competition at the Olympic Winter Games.

- 2.3. Provide the name of the committee that will be responsible for making discretionary selections, along with a complete list of the members' titles currently serving on the committee:

U.S. Ski & Snowboard Selection Committee

Recommendations for discretionary nominations in discretionary Section 2.2 (1.a) above will be made by the U.S. Ski & Snowboard Head Coach and World Cup Coaches or by self-nominated athletes to the U.S. Ski & Snowboard Selection Committee.

U.S. Ski & Snowboard Selection Committee Members:

- U.S. Ski & Snowboard President and CEO
- U.S. Ski & Snowboard Director - Snowboard
- U.S. Ski & Snowboard – Snowboard Sport Committee Chair or an appointed Sport Committee member
- U.S. Ski & Snowboard – Snowboard Sport Committee Member
- U.S. Ski & Snowboard Board Athlete Representative - Snowboard

Note: An independent observer of procedure appointed by the U.S. Ski & Snowboard Board of Directors will be present at the final selection meeting to document the record but will have no voice during the selection discussion nor will the observer have a vote.

- 2.3.1. Specify the process that will be used to identify and handle any potential conflicts of interest involving a member of the committee.

Any member of the Selection Committee that has a possible conflict of interest must either recuse him/herself or disclose it to U.S. Ski & Snowboard's Ethics Committee prior to the start of the selection process. A conflict of interest exists when the Selection Committee member has a direct or indirect relationship, connection or affiliation, past or present, with an athlete in contention for the applicable team selection that could compromise the Selection Committee member's ability to participate in the selection process in an unbiased manner. If a conflict exists, U.S. Ski &

Snowboard's Ethics Committee shall vet the conflict and make the final determination of whether that Selection Committee member must recuse him/herself from participating in discussions and/or voting. The Ethics Committee may determine that a Selection Committee member who has relevant and necessary information with respect to athlete performance, for example a national team coach or high performance director, may, if requested by the Selection Committee, provide such information to the Selection Committee so long as such information is provided in a fair and unbiased manner and the Selection Committee member with the conflict of interest does not vote toward the final decision. The Selection Committee member should not otherwise influence other members of the Selection Committee in the selection process.

Additionally, any person (including any potentially impacted athlete or coach of a potentially impacted athlete) with a good faith belief that a Selection Committee member has a conflict of interest may report the alleged conflict of interest to U.S. Ski & Snowboard's Ethics Committee. Reports may be made anonymously.

A recused individual shall be replaced in accordance with U.S. Ski & Snowboard's Selection Committee appointment process.

If it is later determined a conflict of interest existed but was not disclosed, then the nomination will still stand, assuming a majority vote for the nominated athlete still exists after removing the conflicted member's vote.

3. REMAINING TEAM NOMINATION SELECTION

If quota spots remain after the application of objective criteria in Section 1.3 and, if applicable, the application of discretionary criteria in Section 2.2, any remaining team nominations will be determined, in order of next highest ranked U.S. athlete not already selected to the team across both genders and all disciplines with remaining positions according to World Ranking using the following most recently published rankings lists, at the time of nomination, for each event:

- The FIS Parallel Points List (FIS List)
- The FIS Snowboardcross Points List (FIS List)
- The Halfpipe World Snowboard Points List (WSPL)
- The Slopestyle World Snowboard Points List (WSPL)

U.S. Ski & Snowboard will use the following tie-breaking mechanism, if two or more athletes, per gender, within the same event, are tied within their respective ranking lists:

- a. Highest result, between the tied athletes, from their most recent head-to-head competition at an identified Tryout Event.

In the event a tie remains, the decision shall be made by the Selection Committee listed in Section 2.3 utilizing the Discretionary Selection criteria outlined in Section 2.2(1.a).

4. REMOVAL OF ATHLETES

- 4.1. Prior to entry by name to the Local Organizing Committee by the USOPC, U.S. Ski & Snowboard has jurisdiction over potential nominees.

An athlete who is nominated to the Team by U.S. Ski & Snowboard may be removed for any of the following reasons, as determined by a majority vote of the U.S. Ski & Snowboard Selection Committee:

- 4.1.1. Voluntary withdrawal. Athlete must submit a written letter to the U.S. Ski & Snowboard's President/CEO.
- 4.1.2. Injury or illness as certified by a physician (or medical staff) approved by U.S. Ski & Snowboard. - 4.1.3. Failure to participate in Mandatory Training and/or Competition as defined in Section 10 of these procedures.
- 4.1.4. Violations of the U.S. Ski & Snowboard's Code of Conduct, which may be found online [HERE](#).

5. REPLACEMENT OF ATHLETES

5.1. Describe the selection and approval process for determining replacement athlete(s) should a vacancy occur:

5.1.1. Prior to submission of Entries by Name to the Local Organizing Committee, including any applicable group or committee:

If necessary, if an athlete is removed from the team for the reasons described in Section 4 above, the athlete may be replaced by the U.S. Ski & Snowboard Selection Committee using the selection specified in Sections 2 and 3. Any replacement of athletes must comply with these selection procedures, IOC, USOPC, and FIS regulations and entry deadlines.

The U.S. Ski & Snowboard Selection Committee’s determination is final and not appealable. Any unexcused absence will serve as cause for removal from the 2022 U.S. Olympic Team with the right to a hearing pursuant to the U.S. Ski & Snowboard Bylaws and Grievance Procedures or Section 9 of USOPC Bylaws.
