

2024 U.S. Cross Country Team Nomination Criteria

Eligibility for Consideration:

U.S. Ski and Snowboard will consider for selection only those U.S. Ski and Snowboard members in good standing who have a valid U.S. passport, a valid USA-coded FIS license and who meet FIS minimum eligibility standards.

An athlete shall be ineligible for consideration if previously suspended or removed from team membership without having been reinstated by U.S. Ski and Snowboard. An athlete who has previously declined an offer of team membership shall not be automatically offered team membership unless that athlete specifically requests consideration and the U.S. Ski and Snowboard Cross Country Program Director approves the request.

The U.S. Ski Team will select only the most qualified athletes with the greatest possibilities for winning medals in future World Championship and Olympic Winter Games competitions. Selection criteria will stress performance in the Nordic World Ski Championships, World Cup, and the U23/World Junior Championships in the 2023-24 season. Selection criteria will also stress progress toward individual performance markers, set forth by the U.S. Ski Team coaches, which point toward international success.

Criteria Guidelines:

- The U.S. Ski and Snowboard Cross Country Program Director is responsible for applying the selection criteria set forth herein, subject to the oversight of the U.S. Ski & Snowboard Chief of Sport.
- Objective selections shall be based on the results achieved by athletes in World Cup competitions held on or between November 25, 2022 and March 26, 2023 and on World Ranking as determined by FIS points accrued from March 28, 2022 to March 26, 2023 (the "Selection Period"), and found on the 8th FIS points list for the 2022-23 season.
