**February 19<sup>th</sup> - March 5<sup>th</sup>, 2023**  
**Team Selection Criteria**  
**Amended as of December 22<sup>nd</sup>, 2022**

**1. U.S. SKI & SNOWBOARD POLICY**

U.S. SKI & SNOWBOARD policy mandates that World Championships team selection criteria shall be principally objective (or performance-based), however coaches' discretion will be allowed.

**2. TEAM SIZE**

The International Ski Federation (FIS) has established that a maximum of thirty-six (36) athletes representing any one nation may compete in the 2023 World Championships in snowboarding. Athletes can be named to compete in the following World Championship events: Parallel Giant Slalom, Parallel Slalom, Halfpipe, Slopestyle/Big Air, and Snowboardcross/Team Snowboardcross. FIS rules require that no more than twenty (20) athletes be of one gender.

**3. START RIGHTS**

The maximum quota for a nation in any one event will be four (4) per gender up to the max total per gender of twenty (20) athletes and max total team size of thirty-six (36) athletes. Athletes named to the team will start in the event from which they qualified.

The start rights, per discipline and gender, are subject to the U.S. earning those quota spots in the respective discipline and gender through the International Ski Federation (FIS) respective quota process for each discipline.

**4. ELIGIBILITY FOR CONSIDERATION**

U.S. Ski & Snowboard will consider for selection only those U.S. Ski & Snowboard members in good standing who have a valid U.S. passport, a valid USA-coded FIS license, and who meet FIS minimum eligibility standards.

U.S. Ski & Snowboard provides an equal opportunity to amateur athletes, coaches, trainers, managers, administrators, and officials to participate in amateur athletic competition, without discrimination on the basis of race, color, religion, age, sex, gender identity, or national origin, and with fair notice and opportunity for a hearing before declaring any such individual ineligible to participate.

An athlete shall be ineligible for consideration if he/she/they is not fit to perform at their highest level at the time selections are made due to any injury or illness from which he/she/**they** is not expected to recover adequately by the time of the World Championships as verified by U.S. SKI & SNOWBOARD Athletics Staff. Such determination shall be at the discretion of the Sport Director after consulting with the U.S. SKI & SNOWBOARD High Performance and Sport Coaching staffs, the Head Team Physician and the athlete's designated physician.

### U.S. Ski & Snowboard Selection Committee

Recommendations for discretionary nominations will be made by the U.S. Ski & Snowboard Head Coach and World Cup Coaches or by self-nominated athletes to the U.S. Ski & Snowboard Selection Committee by February 6, 2023.

U.S. Ski & Snowboard Selection Committee Members:

- U.S. Ski & Snowboard Chief of Sport
- U.S. Ski & Snowboard Sport Director – Snowboard
- U.S. Ski & Snowboard – Snowboard Sport Committee Chair or an appointed Sport Committee member
- U.S. Ski & Snowboard – Snowboard Sport Committee Member
- U.S. Ski & Snowboard Board Athlete Representative – Snowboard

Any member of the Selection Committee that has a possible conflict of interest must either recuse him/herself or disclose it to U.S. Ski & Snowboard's Ethics Committee prior to the start of the selection process. A conflict of interest exists when the Selection Committee member has a direct or indirect relationship, connection or affiliation, past or present, with an athlete in contention for the applicable team selection that could compromise the Selection Committee member's ability to participate in the selection process in an unbiased manner. If a conflict exists, U.S. Ski & Snowboard's Ethics Committee shall vet the conflict and make the final determination of whether that Selection Committee member must recuse him/herself from participating in discussions and/or voting. The Ethics Committee may determine that a Selection Committee member who has relevant and necessary information with respect to athlete performance, for example a national team coach or high-performance director, may, if requested by the Selection Committee, provide such information to the Selection Committee so long as such information is provided in a fair and unbiased manner and the Selection Committee member with the conflict of interest does not vote toward the final decision. The Selection Committee member should not otherwise influence other members of the Selection Committee in the selection process.

Additionally, any person (including any potentially impacted athlete or coach of a potentially impacted athlete) with a good faith belief that a Selection Committee member has a conflict of interest may report the alleged conflict of interest to U.S. Ski & Snowboard's Ethics Committee. Reports may be made anonymously.

A recused individual shall be replaced in accordance with U.S. Ski & Snowboard's Selection Committee appointment process.

If it is later determined a conflict of interest existed but was not disclosed, then the nomination will still stand, assuming a majority vote for the nominated athlete still exists after removing the conflicted member's vote.

**REMAINING TEAM NOMINATION CRITERIA**

If quota spots remain after the application of objective criteria and, if applicable, the application of discretionary criteria any remaining team nominations will be determined, in order of next highest ranked U.S. athlete not already selected to the team across both genders and all disciplines with remaining positions according to World Ranking using the following most recently published ranking lists, at the time of nomination, for each event:

- The FIS Parallel Points List (FIS List)
- The FIS Snowboardcross Points List (FIS List)

- The Halfpipe World Snowboard Points List (WSPL List)
- The Slopestyle World Snowboard Points List (WSPL List)

U.S. Ski & Snowboard will use the following tie-breaking mechanism, if two or more athletes, per gender, within the same event, are tied within their respective ranking lists:

- a. Highest result, between the tied athletes, from their most recent head-to-head competition in the 2022-23 Season.

In the event a tie remains, the decision shall be made by the Selection Committee listed utilizing the Discretionary Selection criteria outlined.

Following the selection of the 2023 World Championships team mandatory training camps may be organized in preparation for the World Championships. Dates, locations and organization of these camps will be announced prior to the final selection of the team.

#### **8. ATHLETE REPLACEMENT PROCEDURE**

In the case that an athlete that has been selected to the team becomes injured or ill prior the World Championships and is unable to compete, no replacement athlete will be named unless it is deemed that there is sufficient time to make a replacement without disrupting the competition or preparation of other athletes and that the additional athlete would have sufficient time to properly prepare for the competition. This decision will be made by the Sport Director for U.S. SKI & SNOWBOARD after consulting with the Chief of Sport of U.S. SKI & SNOWBOARD, Head Discipline Coaches, and U.S. SKI & SNOWBOARD High Performance Department. Should an additional athlete be considered, the procedures as outlined in Objective, Discretionary, and Remaining Team Nomination Criteria above will be followed to select that athlete.

#### **9. U.S. SKI & SNOWBOARD APPEAL AND GRIEVANCE PROCEDURES**

Any member who believes that he/she/they has wrongfully been denied membership on any team whose members are selected through participation in "protected competition," as that term is defined in the USOC Bylaws, shall be entitled to appeal such decision.
