2023-24 Men's and Women's Ski Jumping World Cup,  
Continental Cup, and FIS Cup Team  
Selection Criteria**

**Eligibility for Consideration**

U.S. Ski & Snowboard will consider for selection only those U.S. Ski & Snowboard members in good standing who have a valid U.S. passport, a valid USA-coded FIS license, and who meet FIS minimum eligibility standards.

U.S. Ski & Snowboard provides an equal opportunity to amateur athletes, coaches, trainers, managers, administrators, and officials to participate in amateur athletic competition, without discrimination on the basis of race, color, religion, age, gender, gender identity, or national origin, and with fair notice and opportunity for a hearing before declaring any such individual ineligible to participate.

**Event Selection criteria**

**Criteria Guidelines:**

- U.S. Ski & Snowboard policy mandates that team selection criteria shall be principally objective (or performance-based) and that available start rights and team spots will not necessarily be filled.
- The U.S. Ski & Snowboard Ski Jumping Head Coach(s), and the U.S. Ski & Snowboard Ski Jumping & Nordic Combined Sport Director are responsible for applying the selection criteria set forth herein, subject to the oversight of the U.S. Ski & Snowboard Chief of Sport.
- The team selected by U.S. Ski & Snowboard may consist of any number of athletes up to the FIS World Cup, Continental Cup, and FIS Cup quota for the United States.
- The quota for each discipline will be calculated and posted on the FIS website. The quota of start rights per nation is set annually by the FIS and is subject to change. Any change to the quota start right per nation could result in a revision of this criteria.
- Objective selections shall be based on current WRL standings, current WC points, current COC points, and current FIS Cup points.
- Discretionary selections, if any, may be based on a variety of factors as outlined below.
- Meeting objective criteria does not guarantee funding for competition

### **World Cup criteria**

Athletes shall be selected to the team based solely upon current WRL standings, WC points, COC Points, FIS Cup points, and US National Championship. Athletes shall be selected to the team according to and in order of the criteria below, in order of priority, until the available quota is filled.

2. Athletes who have achieved top 10 in the most recent Individual COC competitions

- Best single WC performance from the previous WC period
- Best Single COC performance from the previous COC period

### **Coaches Discretion:**

If quota spots in a competition are unfilled by the objective criteria above, coach's discretion may be used to select athletes according to the following guidelines, in order of priority:

- Previous performance in the event being selected for that would indicate a strong likelihood of performance consistent with team goals and objectives.
- Demonstrated ability in recent training that would indicate a strong likelihood of scoring World Cup points, as evidenced by the USANS logging system.
- Outstanding performances in Continental Cup and or FIS Cup competitions.
- Indication of podium potential in future World Cup competition (such as international age group results and rankings) that would be materially enhanced by selection.
- Indication of a lack of progress after many World Cup opportunities may negatively affect a discretionary selection.

### **Discretionary Selections**

All discretionary selections will be reviewed by a Discretionary Selection Committee, composed of the U.S. Ski & Snowboard Sport Director, U.S. Ski & Snowboard Chief of Sport, and the athlete representative from that sport who is a member of the U.S. Ski & Snowboard Board.
